

Tyson's Ships Riggers Limited

QUALITY POLICY

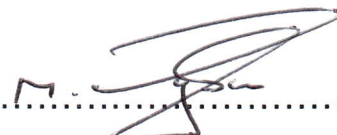

The primary objectives of Tyson's (Ships Riggers) Limited are to provide fibre, wire ropes and rigging to its marine, offshore and industrial customer base that are supported by the highest levels of customer service.

The Management of Tyson's (Ships Riggers) Limited support the ethos of Quality Assurance and will use the International Standard ISO 9001: 2008 as the foundation for continuous business improvement.

The Management of Tyson's (Ships Riggers) Limited have communicated this Quality Policy to their staff and ensure that it is understood throughout the organisation.

This Quality Policy is regularly reviewed for its continuing suitability and takes into account any changes in the Company's operational processes.

Signed:

Mark Tyson
Managing Director
